

THE GLOBAL GOOD CARD

Start a Global Good credit card program to attract and reach new members to your credit union while doing Global Good in growing the global credit union movement through the Worldwide Foundation. In a few easy steps, the card can be integrated into your line of credit card products.

HOW A GLOBAL GOOD CARD PROGRAM HELPS THE HEAD & HEART OF YOUR CREDIT UNION

ATTRACT NEW MEMBERS

Who are socially minded, like Millennials to your credit union with the Global Good Card. Millennials are leveraging over \$200 billion in buying power in 2018 and with that number to only go up, integrate the perfect product that aligns your business and social responsibility goals.

GENERATE REVENUE & REWARDS

That benefit both you and your member's bottom line. Your members will have no annual fee and will receive the same benefits as similar cards, without impacting their rewards points already earned.

BE SOCIALLY MINDED...ON A GLOBAL SCALE

Give your members a chance to make an impact on a global scale by integrating the Global Good Card. Leverage success stories from World Council's program updates to share with your members and showing them how their cards are doing Global Good worldwide.

SUCCESS STORY

SINCE 2017... Summit Credit Union opened over **500 cards** totaling **\$12,000** in support of the Worldwide Foundation.

• TIPS TO START A SUCCESSFUL GLOBAL GOOD CARD PROGRAM •

- Review your plans with your legal counsel. Some states have laws governing "commercial co-ventures", which could include charitable activities that also include compensation.
- Build off an existing card program. This makes it easier to administer the program and easier for members to choose it.
- Work closely with your training and sales team to ensure they have the tools they need to explain the program to employees.
- Offer the program at no cost to members.
- Share with your select employer groups- this captive audience tends to be quite receptive to messages from their credit union.
- Feel free to contact Summit Credit Union, they have piloted this program for the movement to use.
